

## **Pakistan banned the placement of Indian media content in their media**

News Of Pakistan. The conflict between the two Asian nuclear States-the giants continues to escalate. Pakistan had banned the placement of Indian media content in their Newspapers and on radio and TV. This is not a trifle country are closely connected culturally and now diverge even further losing the last chances for mutual understanding. The current conflict broke out in the summer on the India-controlled territories of Kashmir. Government of Delhi conducting a fierce fight with the separatists in recent weeks, India has conducted several strikes on Pakistani territory where as say in Delhi are guerrilla bases. The victims are the armies of both parties not to mention the guerrillas, which in recent months, were killed more than a hundred reports the program news 24 hours on
